

OUR APPROACH TO CORPORATE RESPONSIBILITY

At AbbVie, it's both what we do and how we do it that matters. We understand that addressing the world's health challenges requires a comprehensive and responsible approach. That's why AbbVie goes beyond medicine, not only developing innovative therapies, but also using our resources to improve healthcare and communities. We understand that it takes all of us to create better access and outcomes for the health of the world.

OUR CORPORATE RESPONSIBILITY FRAMEWORK

AbbVie aims to improve lives, and we pledge to do so in a transparent and sustainable way. We commit to operate responsibly and contribute to communities while improving health outcomes. AbbVie and the AbbVie Foundation leverage expertise, philanthropy and collaborations to have a remarkable impact on lives around the world. In 2014:

- 100+ experienced AbbVie scientists voluntarily contributed 13,500 hours of expertise to address neglected tropical diseases like malaria.
- 615+ medical education grants in 39 disease areas provided to U.S. organizations.
- Product donations supported 440+ medical missions of four partner organizations around the world.
- On target to achieve 20% reductions in CO₂e emissions, water intake and waste disposal by 2020.
- Nearly 94% of U.S. employees supported almost 3,000 local organizations in annual Giving Campaign.
