Enhancing the Community through Shared Strength

AbbVie's Supply Chain success is enhanced by the quality and timeliness of our suppliers. We encourage all suppliers—who provide the products and services we use—to contact us.

We identify and welcome suppliers with the following business owner types: disadvantaged, women, ANC/ Indian Tribes, HUBZone (companies located in historically underutilized business zones), minority, LGBT, veteran, disability-owned, and service-disabled veterans. Our supplier diversity program recognizes under-represented businesses globally.

Our Rich and Diverse History

AbbVie's mission is to discover and deliver innovative medicines that solve serious health issues today and address the medical challenges of tomorrow. We strive to have a remarkable impact on people's lives across several key therapeutic areas: immunology, oncology, neuroscience, eye care, virology, women's health and gastroenterology, in addition to products and services across our Allergan Aesthetics portfolio. “ At AbbVie, we succeed—both as a business and a corporate citizen—because our commitment to making a remarkable impact on people's lives extends to every aspect of our work. We view our suppliers as partners in delivering on that commitment and creating better outcomes for patients and customers around the world. ”

We believe great suppliers share the same high standards of quality that we apply ourselves. Our Supplier Diversity Program is a crucial part of the competitiveness in our supply chain. Our reach goes beyond the business to the business partner. Developing sustainable, diverse business relationships enhances business and surrounding communities and enables us to address some of the world's most pressing health challenges. ”
