

I hereby consent and authorize AbbVie and /or AbbVie's related companies including other assignees of AbbVie and third party providers (hereinafter collectively referred to as "AbbVie,") to collect and/or otherwise process and maintain personal data provided by me or on my behalf (including without limitation my name and affiliation with any institution, the title of the proposed research, funding sources and any potential conflicts of interest that are provided) for the purpose of being considered for submitting a research/study proposal requesting access to anonymized patient-level clinical trial data, study level clinical trial data and information, and associated business needs.

I understand that AbbVie, shall take all reasonable steps to protect information disclosed and shall only use such information for purposes identified above, and in accordance with applicable laws and regulations.

I understand that AbbVie may transfer such personal data to related companies including other assignees of AbbVie and third parties hired by AbbVie and may share such information with government authorities, as allowed or required by applicable laws, ethics committees and the like for the purposes of conducting scientific research and complying with legal and regulatory requirements. Such disclosure may involve transfer of the information to other countries, including the United States where the same level of data protection may not be available as in the country where I reside.

I also understand that if at any time I choose to revoke my consent to this agreement, I am required to email my revocation to [accesstodata@abbvie.com](mailto:accesstodata@abbvie.com). AbbVie has a legal obligation to store the details of Researchers and research staff that have been active in scientific research and cannot delete my data, but my data will not be used for future activity.

**Acknowledgment**

**I have read and accept the terms of the AbbVie's Access to Data and Information Privacy Agreement.**
