If your application is in “draft,” it has not been submitted. In order to submit to AbbVie, please ensure to:
• Complete all required fields
• Upload the CV of the sponsor-investigator
• Upload the study budget, if requesting funding (We recommend you use AbbVie’s Sponsor-Investigator Study Budget template. You can download it by navigating back to the home page and clicking the “Supporting Documents” button.)

During this phase, we are completing a preliminary review of your proposal to determine if it should move forward in our review process.

**Please note:** Submission of a Concept proposal does not imply or guarantee approval. A Review Committee evaluates proposals according to their scientific merit, alignment with our areas of research interest, and available funding. Financial and/or product support is contingent upon full execution of the research agreement by both parties.

If your application is approved to begin our review process, your Concept will be submitted to our Scientific Review Committee and placed on the agenda for an upcoming Scientific Review Committee meeting.

During this phase, our Committee members review your application in preparation for an upcoming Review meeting.

**Please note:** Review of a proposal does not imply or guarantee approval.

Your Concept application is complete and ready to be reviewed at the Scientific Review Committee meeting. In this forum, AbbVie will evaluate the scientific merit of the application and alignment with our areas of research interest.

**Please note:** Concept endorsement does not imply or guarantee the Protocol will be approved by our Scientific Review Committee.

Once you submit your application, you will receive an email confirming that we have received it. We will reach out to you, should we have any questions about your submission or if you are missing any important information needed to complete our review process.

The meeting date will be listed below on your proposal record once it is ready to be placed on the agenda. We will contact you if we have any additional questions.

AbbVie will contact you to update you with the Review Committee outcome.

Click on any of these **Your Actions** boxes to be navigated to the step-by-step training for these actions.
**Process Flow**

### Phase Overview

<table>
<thead>
<tr>
<th>Protocol Submission</th>
<th>Protocol Committee Review</th>
<th>Protocol Committee Meeting</th>
<th>Study Endorsed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your Concept has been endorsed to move into the Protocol review process.</td>
<td>Your Protocol is being reviewed by our Scientific Review Committee in preparation for an upcoming Scientific Review Committee meeting. <strong>Please note:</strong> Review of an application does not imply or guarantee approval.</td>
<td>Your Protocol is scheduled to be reviewed at a Scientific Review Committee meeting. If approved, the support provided by AbbVie may be in the form of product and/or funding, dependent on the type of research and availability of funds.</td>
<td>AbbVie has concluded that this research promotes the advancement of medical and scientific knowledge involving AbbVie’s products and/or therapeutics areas of interest. Protocol has been endorsed and the support provided by AbbVie may be in the form of product and/or funding.</td>
</tr>
</tbody>
</table>

### Your Actions

| Please upload your final Protocol document within 6 months of Concept endorsed. | The meeting date will be listed below on your proposal record once it is ready to be placed on the agenda. We will contact you if we have any additional questions. | AbbVie will contact you to update you with the Review Committee outcome. | If there are any changes to the endorsed Protocol, you will need to upload a Protocol Amendment to the Protocol Documents Folder for review. |

**If APPROVED:** you will receive a notification that it has been approved **IF DECLINED:** you will receive an email with our reasoning.

What’s my responsibility?

• Create a study application

• Upload key documents

• Add new personnel

• Follow-up on questions / comments with AbbVie Representative
HOW TO CREATE A SPIRIT ACCOUNT

1. To access the SPIRIT portal, select on link here.

2. When directed to the homepage, select on Register New User.

3. Fill out the Email field to set-up your account and select Next.

If you already have an account and any of your information needs to be updated, you can contact spirit@abbvie.com.

If you have changed affiliate institutions, please register as a new user with your new affiliate email address.
HOW TO CREATE A SPIRIT ACCOUNT

4. Once the **New User Registration** page opens, complete all required fields.

5. Once the fields are completed, select **Next**.

All fields marked in red are required fields.

US and Puerto Rico are required to complete the Medical License Number, State, and Postal Code in addition to the marked fields.
HOW TO CREATE A SPIRIT ACCOUNT

6. You will receive an email with your SPIRIT username and a link to reset your password; select the link once you receive it.

7. Fill out the Password fields and select Reset Password. Upon successful reset, you will be prompted to the SPIRIT homepage.
HOW TO COMPLETE A STUDY APPLICATION

1. Navigate to the SPIRIT submission portal and select Submit an Application

2. Select the appropriate Record Type i.e. Clinical IIS or Pre-Clinical IIS

3. Select Next
HOW TO COMPLETE A STUDY APPLICATION

Once the New Study Application opens, complete all mandatory fields. Please use your discretion to fill out the non-mandatory fields as they apply to your application.

Select Next to navigate to page 2
**HOW TO COMPLETE A STUDY APPLICATION**

6. Complete all mandatory fields. Please use your discretion to fill out the non-mandatory fields as they apply to your application.

7. Select **Next** to navigate to page 3.

**Concept Submission**

If Product-Focused, select all products that apply. If Non-Product-Focused, leave field blank. **Please note you must include all AbbVie Products here.**

If you selected the Pre-Clinical IIS Record Type, this will say Other Product(s) Studied.

List all Non-AbbVie Products that apply. If no Non-AbbVie drugs apply type N/A.

Select all Countries that apply.

Select all Indications that apply.
**Applicable to Clinical IIS Applications only**

**HOW TO COMPLETE A STUDY APPLICATION**

A. The field ‘Statistical Analysis Plans’ field is a rich Text Field.

B. This allows you to add graphs, charts, tables as images. To add your image, click on the image icon and upload the image from your computer.

Note: Maximum size of image/s you can add is 1MB.

C. You can also add bulleted text and use the other formatting features available.

Pro Tip: The maximum Size of image you can add is 1MB. If your image is greater than 1 MB, an error message indicating the size limitation will be displayed.
HOW TO COMPLETE A STUDY APPLICATION

8. Complete all mandatory fields. Please use your discretion to fill out the non-mandatory fields as they apply to your application.

9. Select Save

The Study Background and Rationale field has a limit of 32000 characters.

The Proposed Study Arm fields (1-6) each have a limit of 9000 characters.

The Blinding Design field has a limit of 9000 characters.

The Description of Study Population field has an increased limit of 32000 characters.

The Study Background and Rationale field has a limit of 32000 characters.

Under List Agents and Sources add where you intend to source Combination Agents for Non-AbbVie Products.

After you select Save you will still be able to make edits before you submit.

All Fields in the Study Design / Clinical Plan section each have a limit of 9000 characters.

Be sure to scroll through to answer all applicable fields.
HOW TO COMPLETE A STUDY APPLICATION

10. Once application is saved, you will be automatically redirected to the Study Application Draft

11. Next, you will need to upload the CV of the sponsor-investigator and Study Budget

Follow the review process by viewing this chevron (i.e. study review process flow)

To find the Supporting Documents section, navigate to the SPIRIT homepage

If you are requesting funding, we require you use the AbbVie’s Sponsor-Investigator Study Budget template.
HOW TO UPLOAD DOCUMENTS

1. Upload **Study Budget** and **CV** documents

2. To upload files, navigate to the right-hand side section labeled **Files**

3. Select **Upload Files**

4. Once the file is uploaded, select **Done**

5. Select the appropriate **Document Folder** for the uploaded document and select **Save**. Repeat steps 1–5 for all documents

For US and Puerto Rico you are required to attach a copy of your Medical License
For US and Puerto Rico, Medical License Number, State, and Postal Code are required fields. If the person doesn’t have the Medical License, enter N/A.

Please ensure correct PI is added to the study application prior to submission.

Pro Tip: If duplicate names exist, refer to “How to Manage Duplicate Personnel Name” on slide 22.

Ensure that ‘phone’ value is up to 20 characters. An error message will be displayed if more than 20 characters are added.

HOW TO ADD STUDY TEAM ASSIGNMENT

1. The study team and PI who will be affiliated with the study should be included in the Personnel section of the application prior to submission. To add team, select Personnel on the toolbar.

2. Select New

3. Complete the New Personnel form

4. Select Save to save personnel.
Once you add team members to the Personnel tab you will need to assign them to the application.

Navigate back to the application and select Study Team Assignment on the right-hand side.
Assigned contacts will have the same access rights as the application creator of the study application.

Remember you need to add them to Personnel before they are assigned here.

Personnel are limited to one PI assignment and can be assigned to multiple studies. If you need to assign personnel to more than one PI, contact medicalresearchsupport@abbvie.com.

**HOW TO ADD STUDY TEAM ASSIGNMENT (CONT.)**

1. **Select New**
2. Add the **New Study Team Assignment**
3. Select **Save** to add the new team member and select **Save & New** to save and add an additional team member.
When typing in the Personnel name under Contact Information, you may see a section appear: **Duplicates Found**

1. If that happens, review the existing Personnel record/s.

2. To use an existing Personnel record, select **Cancel** and proceed to step 5 on slide 20.

3. Pro Tip: If you click on 100% under **Score** you may receive the error message above. This issue is being addressed with future SPIRIT release functionality, please close out the error message and disregard it.

4. If the existing record is not correct, continue completing the Personnel form (Step 3, slide 19).
HOW TO SUBMIT A STUDY APPLICATION

1. After all required files are uploaded, navigate back to the Study Application and select Submit.

2. Once Study Application is submitted, you will receive an email confirmation that Concept submission is complete.

3. The Abbvie Representative will be in contact with you via email with any questions or next steps.

4. You can monitor the status of your Study Application by viewing the chevron and below next steps.

Once you select Submit you will no longer be able to make changes to your application.

If your Study Application is missing required information, you will receive an error message explaining what is needed.
HOW TO ADDRESS PRE-REVIEW MEETING COMMENTS

1. During the Concept Committee Review phase, the assigned AbbVie Representative may reach out via email with any comments / questions from the Review Committee.

2. You will be working directly with the AbbVie Representative to address these offline.

3. Monitor Application History by navigating to your Study Application and viewing Study Application History on the right-hand side.
**CONCEPT REVIEW MEETING**

1. During the Concept Review Meeting phase, the assigned AbbVie Representative may reach out via email with any comments / questions from the Review Meeting.

2. You will be working directly with the AbbVie Representative to address these offline.

3. Once your Concept is endorsed, you will receive an email from your SPIRIT representative and will have 6 months to submit the final Protocol document.
HOW TO CREATE A FOLDER

1. Once Concept is endorsed, you will need to upload Protocol document, but first you will need to create a new Protocol Folder.

2. To create a new Protocol Folder, navigate to the right-hand side section labeled Files.

3. Select View Documents Folder.

4. Select New.

5. Complete the New Document Folder details.

6. Select Save.
HOW TO UPLOAD PROTOCOL DOCUMENT

1. To upload the Protocol, navigate to the right-hand side section labeled Files
2. Select Upload Files
3. Once file is uploaded, select Done
4. Select the Protocol Folder for the uploaded document and select Save
5. You will receive a Protocol Submission confirmation notification once submitted
**HOW TO ADDRESS PRE-REVIEW MEETING COMMENTS**

1. During the Protocol Committee Review phase, the assigned AbbVie Representative may reach out via email with any comments / questions from the Review Committee.

2. You will be working directly with the AbbVie Representative to address these offline.

3. Monitor Application History by navigating to your **Study Application** and viewing **Study Application History** on the right-hand side.
HOW TO ADDRESS CONCEPT REVIEW MEETING DECISION

1. During the Protocol Review Meeting phase, the assigned AbbVie Representative may reach out via email with any comments/questions from the Review Meeting.

2. You will be working directly with the AbbVie Representative to address these offline.

3. Once a decision is reached on the Protocol Submission you will receive a notification with the decision and next steps.
If there are any changes to be made after your study has been endorsed, you will be required to upload a Protocol Amendment and a Summary of Changes document.

1. Navigate to the right-hand side section labeled Files and select Upload Files.

2. Once file is uploaded, select Done.

3. Select the Protocol Folder for the uploaded document and select Save.

4. Once uploaded, the AbbVie Representative will reach out with next steps.

Do not replace existing Protocol; upload new Protocol Amendment and Summary of Changes.
