Enhancing the Community through Shared Strength

AbbVie's Supply Chain success is enhanced by the quality and timeliness of our suppliers. We encourage all suppliers—who provide the products and services we use—to contact us, regardless of their business size, gender, race or ethnicity. Our partnerships with diverse companies build shared economic strength, enhancing business and surrounding communities.

We identify and welcome suppliers with the following small-business owner types: disadvantaged, women, ANC/Indian Tribes, HUBZone (companies located in historically underutilized business zones), minority, veteran and service-disabled veterans. Our supplier diversity program extends throughout the United States and Puerto Rico.

OUR RICH AND DIVERSE HISTORY

AbbVie is a global, research-driven biopharmaceutical company committed to developing innovative advanced therapies for some of the world's most complex and critical conditions. The company's mission is to use its expertise, dedicated people and unique approach to innovation to markedly improve treatments across four primary therapeutic areas: immunology, oncology, virology and neuroscience. In more than 75 countries, AbbVie employees are working every day to advance health solutions for people around the world. For more information about AbbVie, please visit us at www.abbvie.com. Follow @abbvie on Twitter, Facebook or LinkedIn.

“AbbVie's Supplier Diversity Program seeks out small businesses, minorities, women, persons with disabilities, veterans and service-disabled veteran-owned businesses enterprises.

We foster an inclusive business environment. This is an integral part of our culture that allows us to broaden our understanding of the customers we serve. Conducting business with diverse suppliers adds to our innovative spirit and mutually strengthens local economies.”
